Multiple presenters will share divergent views on the following common controversies in implant dentistry. They will discuss the pros and cons, indications for usage, special planning considerations, techniques, and present examples.

- If removable, then which is best? Bar vs. regular implants with locators vs. mini implants
- Screw vs. cemented/roto abutment
- Sinus lift vs. short implants
- Immediate vs. delayed placement
- Planning for deficient ridge
- Which is better: fixed or removable?
- If fixed, hybrid denture or zirconia?
