Advanced Implant Techniques and Bone Grafting on Cadaver

February 27-28, 2014

Dr. John Minichetti, DMD
Dr. John Minichetti, DMD is a general dentist who has been placing and restoring implants for over 25 years. He is a fellow of the Academy of General Dentistry (AGD) and the American Academy of Implant Dentistry (AAID). He is a fellow and honorary fellow of the AAID and a Diplomate of the American Board of Oral Implantology/Implant Dentistry. Dr. Minichetti is an attending at Englewood Hospital and Meadowlands Hospital. Dr. Minichetti now serves as President of the AAID.

Dr. Matt Young, DDS
Dr. Matt Young, DDS is a general dentist who is licensed to practice dentistry in Pennsylvania, New Jersey and California. He has extensive experience in implant dentistry and is one of the best rated dentists in San Francisco where he practices dentistry. Dr. Young has lectured to dental professionals both nationally and internationally on implant dentistry. He has also spent many hours as a volunteer with the group Operation Smile.

COURSE OVERVIEW:
Dr. John Minichetti and Dr. Matt Young bring their expertise to facilitate this 2-Day “hands-on” training course with human cadavers. Course participants will learn through lectures as well as have the ability to practice advanced implant techniques and bone grafting.

COURSE OBJECTIVES:
Learn socket grafting, lateral ridge augmentation, crestal and lateral window sinus grafting * Immediate placement, suturing techniques and flap designs * Learn how to utilize various membranes including the Pre-shaped collagen membranes * Learn the location and protection of vital structures during implant/bone grafting surgery * Practice these techniques on human cadavers.

COURSE LOCATION:
Miami Anatomical Research Center
8850 NW 20th Street
Doral, FL 33172
