Predictable Bone & Tissue Augmentation For Implant Site Development

Understanding the “What, When, Where and How” of Bone & Soft Tissue Grafting

February 20-21, 2015 • Scottsdale, AZ
May 29-30, 2015 • Charlotte, NC

Course includes a hands-on model workshop and step-by-step presentations including decision trees illustrating the following procedures:

- Sinus Augmentation (Lateral & Crestal Approaches)
- Vertical & Horizontal Onlay Grafting
- Tunnel Grafting
- Socket Grafting
- Esthetic Zone Considerations
- Sub-epithelial Connective Tissue Variations
- PRP, PRF, & Recombinant Growth Factors
- Treatment Planning Using Cone Beam CT Technology
- Specific Pharmacology Techniques To Optimize Patient Care
- Tissue Closure Techniques

At the end of this course, participants will understand the physiology of wound healing and will be able to diagnose, treatment plan and select the optimal materials for bone and soft tissue grafting with a thorough understanding of how to execute the indicated procedures.

INSTRUCTORS:

James L Rutkowski
DMD, PhD Diplomate ABOI/ID

Eric Hamrick
DMD, Diplomate ABP and ABOI/ID

Robert Heller
DDS, Associate Fellow AAID

TESTIMONIALS:

“Dr. Rutkowski’s passion for spreading his wealth of clinical experience is evident from the energy he brings to his lectures. If you’re looking to improve your pharmacology knowledge, bone grafting, and implant techniques, I highly recommend attending Dr. Rutkowski’s course.”

– Dr. Shane Samy, General Dentist, Eugene, OR

“Dr. Hamrick has vast experience and knowledge on the topic of bone grafting for dental implant therapy. His teaching over the past several years at our institute (Triangle Dental Institute) has been both practical and well-received by our students.”

– Dr. David Simpson, Periodontist, Raleigh, NC

“Dr. Hamrick clearly communicates the rationale for bone grafting and uses excellent clinical illustrations to teach various grafting procedures. Attending his lectures has been a great investment.”

– Dr. Daulton Keith, Periodontist, Charleston, SC
James L. Rutkowski, DMD, PhD, received a BS degree from the Duquesne University School of Pharmacy in 1972. He earned a Doctor of Dental Medicine degree from the University of Pittsburgh School of Dental Medicine in 1976 and a PhD in Pharmacology from Duquesne University in 2008. Dr. Rutkowski is a Diplomate of the American Board of Oral Implantology/Implant Dentistry (ABOI/ID) and a Fellow of the American Academy of Implant Dentistry (AAI). He is Editor-in-Chief of the Journal of Oral Implantology (JOI) and Past-President of the ABOI/ID. Dr. Rutkowski has a wealth of clinical experience in implant placement, esthetic surgery, bone and soft tissue grafting, and implant prosthetics. He lectures internationally on bone grafting, surgical anatomy for bone and soft tissue grafting, and implant prosthetics. He maintains a dental implant practice in Clarion, Pennsylvania for thirty-one years.

John “Eric” Hamrick, DMD, received his BS degree and graduated Magna Cum Laude from Florida Southern University in 1976. He completed his dental training at the Medical University of South Carolina’s College of Dental Medicine, obtaining his Doctor of Dental Medicine in 1982. Dr. Hamrick received his Certificate in Periodontics from the University of Alabama’s Department of Periodontics in 1984. He is Board Certified by the American Board of Periodontology, is a Diplomate of the ABOI/ID and a Fellow of the AAI. He is a Clinical Assistant Professor of Periodontics for MUSC’s College of Dental Medicine. Dr. Hamrick has extensive experience in cosmetic periodontal surgery, pre-prosthetic surgery and dental implant therapy. He has lectured nationally on bone grafting, implant-orthodontic-restorative relationships, implant placement, guided implant therapy and virtual treatment planning. Dr. Hamrick has maintained a private practice in Greenville, South Carolina for thirty years.

Robert Heller, DDS, is a graduate of Ohio Wesleyan University and The Ohio State University School of Dentistry (1988). He completed his prosthodontics residency at The Medical College of Virginia (1990) and completed his hospital based implant residency/graduate training at Loma Linden University, CA in 1997. He is the Director of the Midwest Implant Institute. He is also an associate fellow of the American Academy of Implant Dentistry and an active member in The American Dental Association, Ohio Dental Association, Columbus Dental Society, the American College of Prosthodontists as well as an associate member of the American Academy of Implant Dentistry. Dr. Heller has extensive experience with dental implants, having placed more than 8,000. A noted author and speaker, he has lectured on dental implants both nationally and internationally while maintaining a private practice in Columbus, Ohio.
